FISHERIES

STATISTICS OF FISHING INDUSTRY OF ALASKA, SEASON OF 191.....

The company or individual receiving this blank is requested to supply the data called for herein and mail the statement to the Bureau of Fisheries, Washington, D. C. (in the franked envelope provided for the purpose), as soon as possible after the close of the fishing season. The law requires that reports of this character be forwarded not later than December 15, and that they "shall be sworn to by the superintendent, manager, or other person having knowledge of the facts, a separate blank form being used for each establishment in cases where more than one cannery, saltery, or other establishment is conducted by a person, company, or corporation." Attention is called to the fact that a heavy penalty is provided for failure to comply with the provisions of the law.

H. M. SMITH,
U. S. Commissioner of Fisheries.

It is desired that this information be prepared with accuracy and detail, so far as the packers' records can by reasonable effort be made to furnish it. Different streams in the same bay or sound should be separately reported so far as the catch can properly be credited to each. Catches not certainly referable to particular streams may be reported under the head of the bay, sound, or region.

We do not own or operate any fishing, salting or mild curing plant. We handle the mild cured and salted salmon put up by fisherman which is brought to our Wrangell, Alaska, station for shipment.

We do a co-operative fish business and use no cash. Members of our association supply the fish and we do not buy from outsiders.

We employ very little help except for re-packing which cost our Company, approximately, \$500.00 for the current year. We have one salaried man who receives \$1,200.00 per year, He acts as book-keeper, shipping clerk, and general manager of the station at Wrangell.

Value of salmon handled could hardly be estimated as three fourths of our fish remain un-sold.

Impossible to furnish data as to where salmon were caught.
